

The Poulette Family

training youth workers in Latin America

December 2008

The birth of Christ was such an important event in the history of the world it was broadcast on the Angel News Network.

The shepherds were surprised at what they saw, but they couldn't help but spread the word about what had been told them about the child.

Everyone who heard about the birth of Jesus was amazed. When God enters your life, you are left with the feeling of amazement.

It's the same kind of amazement I see in the eyes of children around Christmastime, and it reminds me that Christ fills life with amazement.

Our family wishes you a Merry Christmas as you celebrate Jesus and spend time with family. We hope you are filled with wide-eyed wonder as you worship the baby King.

"When they had seen him, they spread the word concerning what had been told them about this child, and all who heard it were amazed at what the shepherds said to them."

- Luke 2:17-18

Dennis and Janell Poulette are missionaries with Youth Ministry International. Dennis is the director of YMI's Latin American field and leads the Center for Youth Ministry at the Mexican Baptist Theological Seminary. They live in Mexico City with their two sons, Nathan and Benjamin.

Highlights from 2008

In May, Huberto was the first youth ministry graduate in Latin America. His youth group is growing, and he has helped teach at the seminary.

In June, thirteen professors graduated with their Master's degree in youth ministry in Cuba and started 3 seminary programs.

Benjamin was born on July 14, 2008. He has been growing a lot since then, and his life is a blessing for our family.

Four new freshmen students came to the seminary in August, bringing the total of youth ministry students to ten.

Happy New Year!
